**Direct Connect**

**10:00 a.m. to 10:30 a.m.**

Direct Connect Overpayment Recovery Technology is a no-cost solution that streamlines recovery efforts with UnitedHealthcare. Providers utilize customized work queues to approve, deny or ask for more information on overpaid claims; connecting directly with UnitedHealthcare overpayment recovery specialists and bypassing customer service. 3rd party collection efforts being turned off, less double dips and unauthorized recoupments, and customized reporting packages are just some of the many benefits providers gain when participating in this program.
